

CERTIFICATE OF ANALYSIS

CLOFAZIMINE

TEST	REQUIREMENTS
Appearance	Reddish brown fine powder
Solubility	Practically insoluble in water, very slightly soluble
	in ethanol(96%) , soluble in methylene chloride
Identification	
a) IR absorption spectrum	Corresponds to the comparison
b) TLC	Corresponds to the comparison
Colour Development Test	Violet co lour produced changes to orange red.
Related substances by HPLC	
Impurity A	Not more than 0.1%

Impurity B Not more than 0.3%

Any other impurity

Not more than 0.1%

Not more than 0.5%
